

## Full Profile Description

### **Business Consultants and Managers**

We are currently looking to hire several experienced Business Consultants and Managers to help us to expand and strengthen the organisation.

- university degree, preferably coupled with a specialization in business economics or a MBA
- at least 4-5 years of experience for a Senior Consultant and 6-7 years for a Manager, in an international environment
- solid generalist business experiences, combined with advanced project execution/management skills, in depth knowledge of at least one business domain (i.e. Sales, Operations, HR, Performance Management, ICT, ...) and good commercial and social skills
- a consulting background is a plus, though not strictly required
- change management expertise is an advantage; recognising its importance and willingness to develop these skills are a must
- fluency in Dutch, French and English
- team player
- client-focused
- entrepreneurial
- a combination of insight with strong analytical ability
- empathy
